Attendant Care Training Manual User's Guide

All **Area Office Attendant Care Trainers** will use the Standardized Attendant Care Training Manual located in Phoenix HELP to ensure consistent and thorough attendant care training across all CLTC Area Offices.

Prior to scheduling attendant care training

- **UAP** will notify the Case Manager when the match visit has been completed by approving the match in Phoenix.
- **Case Manager** will review the notification for any comments made by UAP at the match visit.
- └ **Case Manager** will review the resource directory to verify the Attendant has been enrolled. The **Case Manager** will review Phoenix to determine if the “OK to Authorize” light is green in Phoenix.

If enrolled and the appropriate lights are green in Phoenix, the **Area Office Attendant Care Trainer views the provider in Phoenix** to determine if training has previously been completed.

Note: If Electronic Visit Verification (EVV) training has been attended by the chosen provider within the past 6 months or if the provider is currently authorized and serving as an attendant/companion, it is not necessary to repeat the training unless a refresher session is requested. Electronic Visit Verification training will need to be repeated if the Attendant has not provided services in 6 months.

- When the provider has been enrolled, the **Area Office Attendant Care Trainer** must send an e-mail to the Case Manager to notify of the Attendant's enrollment.
 - **UAP will** instruct the Attendant to contact the Case Manager to schedule Attendant Care Training after the Attendant receives a provider number.
 - UAP instructs the Attendant to contact the Case Manager on the fourth business day after the match visit.
 - An enrollment notification will be sent from State Office when the provider has been enrolled and is in the Phoenix Resource Directory.
- └ If Phoenix shows the red stop light under “ok to authorize” Attendant services, Phoenix will not allow the service to be authorized. View status screen to determine the enrollment information that is missing.

Scheduling an Appointment for Attendant Care Training

- └ **Case Manager** will review the specific attendant information in the Participant's Phoenix record under the Attendant Care Request tab.
- The training will take place at the time appointed by the Area Office Attendant Care Trainer.
- The **Case Manager** will instruct the Attendant/ Employer of Record to contact the Area Office Attendant Care Trainer to schedule an appointment.
- └ Prior to scheduling the Attendant Care Training, the **Case Manager** will verify whether there is a landline phone in the participant's home for use of Electronic Visit Verification or if the Attendant has a suitable cell phone for use of the Mobile App.
- The **prospective Attendant** must attend training.
- The **Case Manager** should encourage the designated Employer of Record to attend, especially if the participant is the Employer of Record, but attendance is not mandatory.
- The **Case Manager** will instruct the Attendant to avoid bringing anyone to training who will not be participating in training.
- **UAP** will notify Attendants of the CLTC Area Office No Smoking and Fragrance - Free Policies.

Registering a Mobile Device

- The Attendant will contact the Area Office when a Device ID needs to be registered.
- The Area Office will register the ID in Phoenix and create a password.
- The Area Office will notify the Attendant provider of the new password and instruct the Attendant to change the password.
- Area Office will provide the Mobile App Help phone number to the Attendant.

During training

- The **Area Office Attendant Care Trainer** will introduce him/herself and state the purpose of the training.
- The **Area Office Attendant Care Trainer** will review and explain the following documents with the Attendant(s) / Companion/ Employer of Record:

EVV and Mobile App Training Environment Mobile
App Guide
SCDHHS Attendant/ Employer of Record Care Call User Manual

Resolution Log- Sample
Resolution Reason Codes
Observation and Activity Codes
Pay Stub- Sample
Attendant Care Daily Log- Sample
Strike Policy for Personal Care I and II, Attendant, Companion and Nursing and include examples of strikes

- ❑ The **Area Office Attendant Care Trainer** will review/ complete the following forms with the Attendant/ Companion:

Attendant/ Companion and Employer of Record Training Check List
Attendant/ Companion Acknowledgement of Understanding
Attendant Information Sheet
Resolution Log- Blank (Instruct Attendant/ Companion to make copies as needed.)

- ❑ The UAP Nurse will provide a copy of training materials during the match visit.
- ❑ The **Case Manager** will review the Service Provision Form and provide the Attendant with a copy.
- ❑ The **Case Manager** will review the Service Plan and provide the Attendant with a copy.
- ❑ The **Case Manager** will answer any questions from the Attendant.

Following Training

- ❑ The **Area Office Attendant Trainer** will complete the **Local Information Tab** in Phoenix Provider Portal.

From Dashboard- click Home- click Providers- click Provider Info- click Local Information Tab.

- ┌ If the participant's Case Manager will be changing, the newly assigned **Case Manager** will inform the Attendant by phone or Notification Form. This notification will include the new Case Manager's name and phone number.

EVV & Mobile App Training Environment

South Carolina Care Call

Training EVV Access

Training EVV toll free number-- 1-866-388-2371

Telephone Training Environment Operation -- EVV (Electronic Visit Verification)

The South Carolina Care Call Training Environment provides an EVV environment with standard training scenarios to allow workers to practice use of the EVV in situations they are likely to encounter in normal operation. The training environment has been expanded to include scenarios for six Provider types, plus Nurse Supervisors, and EVV scenarios have been provided for both English and Spanish. However, the same training scenarios are shared by all Providers, so it is possible occasionally on checkout that a worker will hear their own check in, plus check in(s) from other worker(s) using the system. To make this less likely to become an issue, the environment includes two features:

- **Multiple sets of common scenarios** – There are multiple copies of frequently used scenarios – e.g. 10 copies of the In-Home Agency services scenarios. This means that if a collision with another trainer occurs on checkout, the trainer can simply pick a different worker id to use a different set of scenarios.
- **30 Minute training checkout window** – In the training environment, the checkout process only looks back 30 minutes to find matching check ins. This means that if a trainer checks in but does not check out, the orphan check in is ignored for training purposes after 30 minutes.

Both features make it less likely that trainers will conflict with each other and make it easy to adjust if they do.

Training Scenarios

The Training Scenarios in the Training Environment are set up by provider type to mimic how workers for specific providers will use the Care Call system. Each scenario is selected by logging into the EVV with a corresponding worker id attached to the scenario. Scenarios have been set up as follows:

- For EVV, the trainee dials the EVV phone number and logs in with the worker id for a training scenario.
- The first four digits of the worker id select a Training provider record – For HIPAA compliance, these Training providers are all “made up” and not real providers. For common scenarios, like in-home agency care, the system provides up to ten providers, each with their own complete set of training scenarios. Since these are all equivalent, users can pick any one of the providers for each type and get the same training.
- The last four digits of the worker id select a Training scenario for that provider -- For example, logging in with worker id 00101111 selects the first scenario in the table below for in-home agency training provider EN0010. In this example, seven scenarios are provided for each of ten in-home agency training providers (EN0010 – EN0019).
- For some scenarios the worker must enter a CLTC number to identify a client – For these scenarios, the client CLTC numbers and names for the scenarios are given in the table on the next page.

The following scenarios for each provider type are available in the training environment:

Please note the Provider's name will be "Jane Ready" in the practice, not your name.

Training EEV toll free number—1-866-388-2371

Training set up code is: **SCTRAINPRD** **MOBILE TRAINING APP PASSWORD IS: Pass22!!**

Attendant / Employer of Record Care Call User Manual

INTRODUCTION

THE PURPOSE OF THE CLTC CARE CALL INDIVIDUAL ATTENDANT/COMPANION MANUAL IS TO Instruct individual attendants and companions how to use the CARE CALL system.

The purpose of the CLTC Care Call Individual Attendant/ Companion Manual is to instruct individual attendants and companions on how to use the Care Call system.

This easy-to-use system is for South Carolina Medicaid CLTC attendants and companions to use for logging their participant visits. Care Call is a toll-free phone number that attendants/companions dial when providing care to CLTC participants. The toll-free number is available anytime day or night, and allows the attendant/companion to:

- Check In and Check Out when providing care at a participant's home
- Enter their Worker ID, identify the Participant and identify Services during Check In/Out

IT IS FAST!

Your check in and check out will take about two minutes to complete.

IT IS EASY TO USE!

You will need access to the participant's touch-tone landline phone, or you will use the EVV mobile app on your cell phone for checking in/out. You will need to know your Worker ID number when using the EVV. If you have any problems, you should call your local CLTC area office representative as soon as possible.

HOW TO Access Care Call

1-888-978-CARE

When you dial the Care Call toll-free number 1-888-978-CARE (2273) you then select from 3 options. Care Call allows you to press 1 to check in or press 2 to check out. Care Call will use the language preference indicated on the worker record in Phoenix. If the language needs to be changed, the area office needs to be contacted to correct the worker record. Care Call is available in English and Spanish.

CLTC Care Call Quick Reference

What you need to check in/out: Worker ID, CLTC # and Service

CHECK IN	CHECK OUT
1. Arrive at Participant Care location. Dial 1-888-978-2273	AFTER YOU PERFORM PARTICIPANT CARE
2. Press 1 to CHECK IN.	1. When finished providing participant care, dial 1-888-978-2273 .
3. Enter your 8-digit WORKER ID Number. Press 1 to confirm you name is correct.	2. Press 2 to CHECK OUT.
4. Confirm your participant's name . If needed, enter 7-digit CLTC# .	3 Confirm the participant's and services information. If needed, follow instructions to enter WORKER ID, CLTC # or SERVICE(S) . Observations and tasks are entered at checkout.
5. Confirm your SERVICE for this visit (Companion or Attendant). If you are there to provide 2 services for your participant, be sure to put in both services during this call.	4. Press 1 to confirm check out information.
6. When you are finished, you will be asked to confirm everything is correct.	5. Be sure you hear "CHECK OUT Successful"! Hang up.
7. Be sure you hear "CHECK IN Successful"! Hang up.	

SC Department of Health and Human Services
Community Long Term Care (CLTC)

HOW TO Check In

CARE CALL INSTRUCTIONS – CHECK IN	
1.	Dial the Care Call toll-free number 1-888-978-CARE (2273)
2.	Press 1 for check in.
3.	Enter your 8-digit Worker ID number. You will then hear your name. When asked to do so, press 1 to confirm this is correct. • If you enter the wrong ID number, Care Call will give you a chance to change it. Follow the instructions and enter it again. You have three tries to enter your worker ID number correctly.
4.	If you call from a phone number that Care Call recognizes, Care Call will give the participant's name and ask you if it is correct. Press 1 to indicate it is correct. • If two or three participants are at the same number, you will hear all their names and be asked to select which one you are there to care for. • If you are there to care for more than one person, you will need to check in and check out for each person on the call. • If there are more than three participants at the same phone number, you will have to put in the CLTC participant number for the participant you are there to serve.
5.	If you are calling from a number that Care Call does not recognize, like a drug store or a doctor's office, you will have to put in the CLTC participant number for the participant you are serving.
6.	When Care Call knows which participant you are serving, it will ask you the services you are providing. Follow the instructions to make sure Care Call records the right service for your visit to the participant. • If you are providing more than one service during your visit to the participant, Care Call will give you a chance to put in both services. Follow the Care Call instructions to do so.

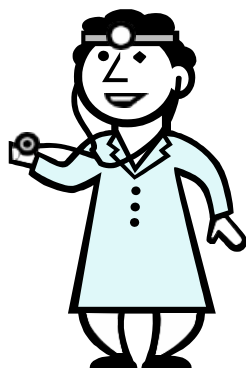

SC Department of Health and Human Services

Community Long Term Care (CLTC)

7.	After the participant and service are identified, you will hear the check in summary. Care Call will repeat back your name, the participant's name, and the service to be provided. If this is all correct, press 1 when asked to do so. If anything is not correct, Care Call will give you a chance to correct it before you finish your call. Follow the instructions to fix whatever was not correct. Be sure you hear "Check in was successful" before you hang up.
----	---

HOW TO Check Out

CARE CALL INSTRUCTIONS - CHECK OUT	
1.	Dial the Care Call toll-free number 1-888-978-CARE (2273)
2.	Press 2 for check out. - If you are checking out from the same participant number you used to check in, Care Call will read back your name, your participant's name, and the service you provided. If all of this is correct, press 1 to confirm the information. - If Care Call does not read back all this information, you will be prompted to enter your worker ID, service, and participant information in to Care Call so you can check out. Follow the instructions until all the information is in Care Call correctly. - Tasks and observations are entered. - Follow the instructions until all the information is in Care Call correctly.
3.	Once your check out is complete, Care Call will read back the information you put in and the time of check out. When this happens, your check out has been successfully completed. Be sure you hear "Check out was successful" before you hang up.

SC Department of Health and Human Services

Community Long Term Care (CLTC)

1. What is the EVV phone number?
1-888-978-2273
2. How does it work?
As soon as you arrive at the participant's home, you will call to check- in. You will provide the care to the participant and then call to check out.
3. What information do I need to make the call to checkin?
 - The toll-free phonenumber
 - Your 8-digit worker ID number
 - The services being provided
 - The participant's CLTC number
4. What should I do if I do not hear my name when I call in?
If you do not hear your name, hang up and try again. If you do not hear your name on the second call and you're sure you put in the right number, still provide the care, and then submit a resolution log to the CLTC office.
5. What if I'm providing two services (i.e., Attendant and Companion) to a participant?
You check in for one service (i.e. Attendant), complete that service and check out. Then, check-in for the other service (i.e. Companion), complete the service and check-out. For example, if checking in for Attendant Care at 1:00 pm and checking out at 3:00 pm. Then, check in at 3:05 pm for Companion and check out at 4:05 pm.
6. What if I'm serving two participants in the same home or two participants living in the same apartment complex or nearby?
You must check in and out for both participants on separate calls.
7. What should I do if my participant refuses to let me use the land-line telephone?
Explain why you need to use the land-line telephone and that it is a toll-free call so they will not be charged. If the participant continues to refuse, provide care then notify the EOR and Case Manager the same day and submit a resolution log to the CLTC Office for corrections. You must use the Mobile App to check in/out for future visits, if you want to continue to serve this participant. A cell phone must be obtained, and you must start using the Mobile App forty-five (45) days from submission of the first resolution for this participant.
8. What happens if I get to the participant's home and the land-line phone is turned off?
Provide the care, notify the EOR and submit a resolution log to the CLTC Office for corrections. You will report this issue to the Case Manager and use the Mobile App if available. If the land-line phone is not in operation within forty-five (45) days, you must start using the mobile app.

SC Department of Health and Human Services

Community Long Term Care (CLTC)

9. What if I was able to check in but when I get ready to check out the phone has been turned off?
Notify the EOR and Case Manager by the end of the workday and submit a resolution log to the CLTC Office for corrections. In order for services to continue to be authorized when no available phone can be identified or approved, the attendant must use the mobile app.
10. What happens if I forget to check in?
Once you have completed providing services, you can check out. Then submit a resolution log to the CLTC office for corrections.
11. What happens if I forgot to check out?
Submit a resolution log to the CLTC office for corrections.
12. What happens if I forget to check in and check out?
Submit a resolution log to the CLTC office for corrections.

13. What happens if I make a mistake while checking in or checking out?
Hang up and call again. Your call will not be recorded until you hear "Your claim has been successfully recorded".
14. What happens if I'm still not sure my check in or check out phone call went through properly?
Submit a resolution log to the CLTC office for verification and/or correction.
15. If my participant goes to the hospital, can I go to the hospital and provide services?
NO. Service can only be provided in the participant's home, or another HOME approved and specified by the case manager. Service cannot be provided in places such as the hospital, nursing home, adult day care facility or rehabilitation facility.
16. What happens if I go to my participant's home and she's not there? Can I still check into EVV?
Since the participant is not home, you CANNOT check in or out of EVV. Notify the EOR.

SC Department of Health and Human Services

Community Long Term Care (CLTC)

17. If I cannot provide services to my participant, can I share my worker ID with someone else so they can provide the services?
NO. You are not to share your worker ID number with anyone, including the participant and EOR. Only the worker assigned a number is allowed to check in and check out of Care Call. *Failure to comply can result in termination of the services.*
18. What should I do if I cannot serve my participant?
Notify the participant and Case Manager. The participant can then refer another person to assume the attendant care services, after completing the appropriate process.

Helpful Instructions listed on the next page

SC Department of Health and Human Services

Community Long Term Care (CLTC)

What do I do if...	
...I forget my worker ID or my participant's CLTC#?	Call the CLTC office where both numbers are on file.
...I forgot to check in, forgot to check out or forgot to check-in and check-out?	Submit a Resolution Log to the CLTC office for corrections.
...I am in the process of checking in and realize I have made a mistake?	Care Call will not record the phone call until you hear "check in has been successful". You can hang up and check in again.
...I have already checked in and realized I made a mistake?	Finish providing services to the participant and check out then submit a Resolution Log to the CLTC office for corrections.
...the participant does not have a touch-tone landline phone, refuses to let me use the phone, or the phone is out of order? *See Mobile App information	Notify the EOR and the Case Manager of the phone issue and submit a Resolution Log to the CLTC office for corrections. Begin using Mobile App by the 3 rd visit after issue discovered. <i>*Remember services will not continue if no available phone is identified and approved.</i>
...the EVV is not working when I try to check-in or check-out?	Submit a Resolution Log to the CLTC office for corrections. Call the Authenticare Help Desk for assistance. They usually can resolve problem while attendant is in the home.
...I'm just not sure the phone call went through properly?	Submit a Resolution Log to the CLTC office for corrections/verification.
...I reviewed my paystub and see exception code of C1 or C2 or I1 or I2?	Submit a Resolution Log to the CLTC office for corrections.
...I'm serving more than one participant?	You may check in for up to 3 participants in the same home, provide the care, and check out for all participants on the same call.
...my participant goes to the hospital?	You cannot check in and out for a participant while they are in the hospital, you must also notify the Case Manager when the participants enter the hospital and discharges from the hospital.

SC Department of Health and Human Services
Community Long Term Care (CLTC)

What do I do if...	
...my participant asks me to stop and pick up medication on my way to the home?	Your time can start when the errand begins. This is an occasion when you will check in from an unauthorized phone number. You can check in at the grocery store or pharmacy. Make a note in your records you checked in from an unauthorized phone and why. <i>Remember, errands should be essential to the participant's basic needs.</i>

II. Billing

Individual Attendant/Companion Billing

SC Department of Health and Human Services

Community Long Term Care (CLTC)

Care Call and Morning Sun

Morning Sun

Morning Sun provides Fiscal Management Services (FMS) to attendants and is second level to Customer Services for SC Care Call.

Phone Number: 1-855-222-6772

Fax Number: 1-844-450-3343

You can call Morning Sun when you have questions about taxes or deductions (think your deductions are set up incorrectly, for instance).

Examples of call that can be handled by the CLTC regional office and should not be referred to Morning Sun:

- You want to know why you didn't get paid for certain hours
- You did not call in or call out when providing services for a participant and that needs to be corrected and/or added to Care Call. This can only be done by completing a Resolution Log.

Billing Procedures

Billing is done automatically for all visits made by CLTC providers to participants, as long as the visit is provided as authorized. Checks will be issued by Morning Sun.

Billing Procedures:

- Sunday through Saturday is considered a work week.
- Morning Sun issues checks with Friday's date. Payment is twice a month.
- All funds are direct deposited or placed on a money card. New workers will receive a paper check until this service is set up.

SC Department of Health and Human Services

Community Long Term Care (CLTC)

Example:

- Attendant works from August 2nd to August 15th.
- Care Call transmits to MMIS daily for those dates.
- MMIS transmits amounts to Morning Sun on August 21st.
- Morning Sun check date should be August 21st.

Did I get paid?

To be sure you got paid properly, follow these directions.

(Remember, this is only a suggestion, however, it has helped other attendants to follow these directions).

1. Use a calendar to record the **dates, times, and services** (Attendant or Companion) that you worked with your participant.
2. When Morning Sun sends you the paycheck or a pay stub, listed on either the paycheck or pay stub will be the dates, hours, and services that you have been paid for. Compare these dates with the dates you worked.
3. If you were paid for the date, then cross it off your calendar.
4. If you were not paid for a date, you worked and you checked in/out of EVV properly, please contact the CLTC Area Office for assistance.
5. Remember—the pay period is twice a month and runs from Sunday to Saturday. Please note that a State Holiday may impact the payment schedule.

Remember: *It is YOUR responsibility to keep track of your own time!*

Notes

Twelve Strike Policy

Personal Care I and II, Children's Personal Care, Attendant, Companion and Nursing Services

One strike will be given to a worker for each incident where a resolution must be done, and no valid reason is given. After the twelfth strike, resolutions will no longer be accepted if no valid and verified reason is given.

- The Electronic Visit Verification System includes Care Call and the mobile app. Workers who are new to the Electronic Visit Verification system (EVVS) will have a one-month grace period to learn the system before strikes begin to be issued. However, workers rehired or returning to work who will be using Care Call will not get this grace period since they should already know how to use CareCall.
- Workers will be given one strike per incident. For example, if worker is providing Personal Care I & II services for a participant and checks in for both services but fails to check out, only one strike will be given to correct both the PCI & PCII claims. If the worker checks in for multiple participants on the same call, only one strike will be given.
- After one year, each worker begins a new strike period. This means that the twelve-strike policy is an annual policy rather than a lifetime policy. For new workers, the annual date begins on the worker start date keyed in the worker registration section of Phoenix. The worker start date should always be the first day the worker will serve a participant to receive the full 30-day graceperiod.
- Each resolution not submitted timely will receive a strike. Providers must submit the resolution **within 10 days from the Sunday following the Date of Service** to be timely. Any resolutions submitted after that date will have strikes issued. These strikes will be assigned to the worker on the claim(s) although it is the responsibility of the provider agency to submit the resolutions timely.
- The Division of Long Term Living's CLTC Area Office will have **14 days to respond to the provider agency resolutions that were submitted timely.**
- Providers must use the participant's landline phone or the mobile app to document services in the Electronic Visit Verification System. Any problems using the participant's landline phone, or the mobile app should be reported immediately (by the next business day). The best way to notify the case manager is by sending a conversation in Phoenix. **Attendants must notify the Case Managers by phone.** The Employer of Record will be able to provide the Case Managers contact information. If the landline phone is disconnected or not working when the provider arrives, a resolution may be done. The provider must be prepared to have a mobile app available to serve the participant by the third visit when the landline phone is out of service. If the provider cannot/ will not begin using the mobile app, the provider must notify the

case manager by the third visit that they will no longer be able to provide services to the participant. The provider may continue to serve the participant, at the case manager's request, until a new provider can be set up. No strikes will be given if this arrangement is made and documented.

- Providers may run the Infractions by Worker report on the Phoenix Provider Portal website to monitor the worker strikes.

Examples of strikes

- Attendant forgets to check in but does check out
- Attendant forgets to check out but does check in
- Attendant forgets to check in and worker forgets to check out
- Resolutions submitted late

Non Strikes

- Attendant makes a mistake during the grace period
- EVV or mobile app not working and central office has said not to issue strikes
- Local telephone provider problems that have been verified by the area office
- CM has been notified and verified participant's phone is not functioning
- CM was notified and verified participant's phone was not available
- Attendant checks in with incorrect worker ID
- Attendant checks in for the incorrect service

Attendant Name: _____

Attendant/Companion (Individual Provider) & Employer of Record (EOR) Training Check List.

[] USE Mobile App (App must be installed on Attendant's Android or iPhone and no other phone can be used.)

[] USE Landline (Explain to the EOR the importance of phone availability in the client's home).

1. Explain to the **Attendant/EOR** what EVV (Electronic Visit Verification) is and provide all worksheets.
2. Make sure the **Attendant** knows their WorkerID#.

Attendant/EOR understand that the Worker ID # is for use only by the Attendant and should not requested or shared with the EOR, participant or anyone other than Community Long Term Care (CLTC) or Attendant Care (UAP).

3. Explain the check in and check out process with the **Attendant**.
4. Explain that the service schedule will be set by the **EOR** to best meet the needs of the participant.
5. Explain the Strike Policy to the **Attendant/EOR**.
6. Watch the EVV Video and/or sample phone call and/or practice the EVV/Mobile App.
7. Explain to the **Attendant** the procedures for filling out Attendant Daily logs and that they must be received, and date stamped by the local CLTC office **no later than the 15th of the following month or services will be terminated after a 10-day notice by the Case Manager.** The **Attendant** is also reminded **to report any significant health care changes including hospitalizations to the case manager within 2-3 days.**
8. Explain procedures for filling out the **Attendant Resolution Log**. Remind **Attendant** that Resolution Logs must be reviewed, signed, and received in the CLTC Office for any corrections or verification of properly checking in and checking out. The CLTC Office cannot make corrections to a check in/ check out over the phone, nor will verifications be completed with just a phone call to the office. A resolution log must be received in the CLTC Office.
 - a. CLTC will review and correct the Resolution Log within 10 days of business after it is received.
 - b. Strikes will be assigned for dates of service when a valid reason is not provided on the resolution logs.
9. Explain to the **Attendant** that they are responsible for keeping track of their hours, dates and services worked and it could take up to 45 days from the date that Medicaid Claims Processing receives the Resolution Log claim to be paid.
10. Explain to the **Attendant** that they are not guaranteed payment in every single pay period.
11. **Attendant/EOR understand:**
 - a. To notify CM if participant is not available for services.
 - b. Services cannot be provided, nor can you check in or check out if the participant enters the hospital, nursing home, outpatient surgery center, rehabilitation facility, incarceration facility or if the participant enrolls in Hospice. **Attendants** cannot transport participants.
 - c. Errands and escorts should be grouped together and limited as much as possible and **are to be essential to the needs of the participant.**
 - d. The check in and check out process must be completed on a regular, consistent manner to meet participant's needs as outlined by the service plan. You must check in and check out for authorized amount only.
 - e. Notification of address and/or phone number changes of the Attendant, participant or EOR must be submitted to the local CLTC office within 2-3 days.
 - f. **Attendants** are not employed by SCDHHS, CLTC, UAP, EVV/Mobile App or the payroll agent. Any request for work references must be through the Provider's EOR. Any request for income information must be requested from the payroll agent. CLTC and UAP cannot provide any of this information.
 - g. **Attendants and EORs** must notify CLTC if they are longer able or willing to complete their responsibilities.
 - h. Payment will only be made for actual time worked and confirmed by EOR.
 - i. **Attendants** understand their responsibility to abide by HIPAA regulations and ensure safe and secure storage of all records (Daily logs, payment info Resolution Logs, Service Plans and Service Authorization. Records must be stored for 5 years.)

12. Complete the Local Training Tab in the Phoenix Provider Portal to include the training date.

Attendant Signature: _____

Date: _____

EOR Signature (if present): _____

Date: _____

Attendant Name: _____

South Carolina Department of Health and Human Services
Division of Community Long Term Care
Attendant Care/Companion (Individual Provider) Care Services

You will be authorized to serve CLTC # _____ at an approximate rate of **\$16.20**(before taxes) for Attendant Care Services and an approximate rate of **\$12.80**(before taxes) for Companion Care Services.

Due to Federal Regulations, you cannot provide service to participants while they are in the hospital, nursing home, outpatient surgery center, rehabilitation facility, incarceration, or Hospice. If you check into Care Call EVV after the participant enters the hospital, nursing home, outpatient surgery center, rehabilitation facility, or is incarcerated or if the participant enrolls in Hospice; you will be required to repay any money you receive. You are to serve the participant in his or her home. If you need to provide services to the participant in another location, you will need the prior approval of the Case Manager.

The payroll agent will be taking out taxes per the W-4; you completed at the match visit.

Acknowledgement of Understanding

_____ I understand that my approximate rate of pay for Attendant Care is **\$16.20** per hour(before taxes).

_____ I understand that my approximate rate of pay for Companion Care is **\$12.80** per hour (before taxes).

_____ I understand that I am required to pay taxes on my actual rate of pay.

_____ I understand that I cannot serve the participant in the hospital, nursing home, outpatient surgery center, rehabilitation facility, or if incarcerated or if the participant enrolls in Hospice. If I check in to EVV/Mobile App during these times I will be required to pay back any money I have received.

_____ I understand that I am to serve the participant where he or she lives or another location with prior approval by the Case Manager.

_____ I understand that the participant must be present when I check in and provide services.

_____ I understand that I cannot ask for additional compensation from the participant or the EOR during the time I am checked in serving as anAttendant/Companion.

_____ I understand that I do not work for SCDHHS, CLTC, UAP, EVV/Mobile App or the payroll agent.

_____ I understand that I am employed by the employer of record (EOR) who is either the Participant or their Representative.

_____ I understand that I do not receive benefits such as vacation, sick leave, or insurance.

_____ I understand it may take up to 45 days from the date that Medicaid Claims Processing receives the Resolution Log claim to be paid. Payment maybe delayed further if a submitted resolution requires investigation.

_____ I understand that if I reach the strike limit and continue to submit resolutions due to my own errors or inability to correctly use the mobile app, those resolutions will be denied, and my services may be terminated. Additionally, the denies claims submitted through resolutions will result in non-payment.
