

MCC Waiver

Medically Complex Children's Waiver

The Medically Complex Children's (MCC) waiver is a statewide program to serve medically complex children up to their 21st birthday. Children qualifying for this program must meet level of care and medical criteria. Eligible children must be residents of South Carolina and qualify for Healthy Connections Medicaid.

Goals

- To provide ongoing continuity of care to children through the use of nurse care coordinators
 - › These coordinators serve as liaisons between waiver participants and all medical and community service providers
- To decrease hospitalizations and emergency room visits
 - › This effort will improve quality of life for waiver participants and be cost-effective

Waiver Services Offered

- Pediatric medical day care
- Respite care: short-term respite care to provide relief for the person(s) who normally care for the waiver participant
- Environmental modifications: changes required to the home of the participant to ensure the health, welfare and safety of the participant
 - › Examples include installation of wheelchair ramps, widening of doorways, etc.
 - › \$7,500 lifetime cap
- Care coordination by a registered nurse (RN)
 - › Examples of RN care coordination include coordination of waiver and Medicaid State Plan services to include children's private duty nursing and children's person care

Medical Criteria for Waiver Eligibility

- Level of care
- Chronic physical/health condition that is expected to last at least 12 months
- Must meet the state-defined medical eligibility criteria
 - › These criteria evaluate a child's dependency based on medications, hospitalizations, skilled nursing services, ancillary services and specialists
