

Service Plan Date _____

Name _____

CLTC# _____

Service Plan Agreement Signature Sheet

My signature indicates my involvement in the development of my person-centered service plan. I agree this plan reflects those things that are important to me, my goals, desires and preferences. I have been provided a copy of this plan.

I understand I can choose the service provider, from those that are available, that will best meet my needs. CLTC must try to respect my wishes. However, the choice of provider, including case management and the case manager assigned, cannot be based on race, color, religion, age, sex, presence of disability, or national origin. I understand CLTC must offer and provide services in the most cost-effective way possible.
