

PCSC WAIVER TERMINATION GUIDANCE

Terminating PCSC Applications During the COVID-19 Public Health Emergency

General Rule

PCSC applications require review by SCDHHS staff prior to closure or termination.

Continuum of Care staff should email a list of pending closures to PCSC Waiver Administrator on Thursday of each week. The pending closure list must contain the Phoenix ID number, the termination reason and the proposed effective date of the termination. The PCSC application must remain open until denial or approval for closure is received.

Allowable PHE Termination Reasons and Phoenix Process

The following waiver terminations are allowed during the public health emergency:

- Death
- Voluntary disenrollment
- Completion of waiver program
- Participant moved out of state

When a request for termination is approved by SCDHHS for one of the reasons above, the following steps must be taken:

- Complete the PCSC Case Closure checklist in Phoenix
 - This step is taken in addition to other routine case closure activities performed by COC staff
- Change the PCSC application status to “Terminated” and select the pertinent reason

- In the application:
 - Enter Application Date
 - The day after the participant would have been terminated

- ***COC PROCESS ENDS***
