Dear Contact Person,

The Palmetto Coordinated System of Care (PCSC) Waiver Administration Team within the SCDHHS Division of Community Options conducted a random quality assurance review of a small sample of Year One waiver participant records. The goal of these preliminary reviews is to provide guidance prior to the annual comprehensive 100% performance measure reviews required to meet CMS waiver standards. Further, the review process promotes compliance with state policies/procedures, federal regulations, and federal assurances.

The initial sampling review of PCSC waiver case management practices rendered by your agency has been completed for the period of **August 1, 2019 – July 31, 2020**. A preliminary list of identified deficiencies are attached to this letter.

Based on the findings, the following actions are recommended:

1. **Recoupment:** Waiver Case Management services that were billed but are out of compliance with policy and procedures may be recouped from the Provider. Total amount to recoupment based on findings: **\$XXXX.XX**.
2. **Plan of Correction:** The Waiver Case Management Provider is required to submit a Corrective Action Plan outlining the deficiency(ies), the detailed plan to correct the deficiency(ies) and the effective date the plan will be implemented.
3. **Training:** The Waiver Case Management Provider is required to participate in bi-monthly trainings to ensure staff are well-versed in PCSC Operating Entity Roles and Responsibilities, Policy and Procedures, and Waiver Case Management Scope of Service.

Please examine the attached findings and contact Janice Bailiff at (803) 898-2043 should additional clarification be required. Failure to respond to this correspondence within **ten (10) calendar days** of the receipt of this correspondence constitutes agreement of the content therein. As a result, we will move forward with the recommended recoupment and course of action outlined above.

The work and programs of the Palmetto Coordinated System of Care are guided by the following Core Values: family driven and youth guided; home and community based; strengths based and individualized; culturally and linguistically competent; coordinated across systems and services; connected to natural helping networks; data driven and outcome oriented; and trauma-informed. Visit <https://scdhhs.gov/pcsc> to learn more about the Palmetto Coordinated System of Care.

Additionally, within **thirty (30) calendar days** of the receipt of this letter, your agency is required to submit to SCDHHS a corrective action plan addressing the attached findings.

Note: PCSC Policies and Procedures, Waiver Case Management Guidance and Frequently Asked Questions can be found in the PCSC subsection of the “Help” section in Phoenix.

Sincerely,

Janice Bailiff, LMSW, MS, MCHES®
