Scanning

- Name document to be scanned
- Select category in the “Tag” field
- Click “Browse”
 - Document(s) must be save on computer first in order to upload document to Phoenix “Scans” section

The screenshot shows the 'Scanned Documents' section of the Phoenix interface. At the top, there's a header with the 'Scanned Documents' title and a user identifier '(0000062) John Last'. Below the header is a navigation bar with icons for 'Scans', 'Physician Letters', and 'Attendant Care Requests'. The main content area is titled 'New scanned document' and contains three required fields: 'Name *', 'Tag *', and 'Document *'. The 'Name' field has a text input with 'Scanned Doc' entered. The 'Tag' field is a dropdown menu currently showing 'MD Orders'. The 'Document' field has a 'Browse...' button and the text 'No file selected.' below it. A green 'Save' button is at the bottom of the form. Three red arrows point to the 'Name' input, the 'Tag' dropdown, and the 'Browse...' button, respectively.

Scanning

- File to be uploaded will appear next to the “**Browse**” button
- Click “**Save**”
- Scanned document(s) will appear under Category sub tab
- Scanned document(s) can be deleted by clicking the Delete button under “**Actions**” 
- To upload another scanned document(s), click “**Add a Scanned Document**” and repeat process
