Adding a Claim

- From the Phoenix “Add Claims” screen. Users can enter the default information. Click “**Apply Defaults**”
- Any default information entered will auto populate in the claim entry section below.
- Enter all or the remaining information that was not auto populated
 - (Sub Service for CM services, Check in, and Check out times).
- Units will calculate automatically. Select “**Save**” under the “**Action**” dropdown box
- If finished, click “**Submit**”.

Adding a Claim

- If another claim needs to be added for the worker, click **“Add Claim”**
- A new claim entry line will be displayed. Default information from the first entry will auto populate in the new claim entry line
- When the claim information for all services have been entered, click **“Submit”**

The screenshot shows a form for adding a claim. It includes fields for Date of Service, CLTC #, Worker, Service/Sub Service, Check In/Out, Units, and Action. The 'Add Claim' button is highlighted with a red circle and an arrow.

The screenshot shows the same form as the previous one, but with the 'Submit' button highlighted with a red circle and an arrow. A red box highlights the entire form area, and a red arrow points to the 'Add Claim' button.

Adding a Claim

- Once completed, user will see a confirmation screen with the claims that have been created.
- Users can print screen information for documentation purposes.
