

# Authorizations

phoenix

# Service Authorization

- If a service is not included in the service plan it CANNOT be authorized.
- If you need to authorize a service that is not included in the service plan, you need to edit the service plan to include interventions for service.
- For electronic referrals, the schedule on the authorization defaults to what was in the referral and can be changed
- When a referral for one-time service (**Ramps, Enhanced Pest Control, or Enhanced Environmental Modifications**) is accepted, the case manager will **NOT** create the service authorization until the project has been completed
- Once the work has been completed, the case manager will create the authorization

# Authorizations

- Once Proposed Provider accepts the referral, an authorization can be completed
- From the Participant's dashboard, click **“Waiver Supports”**

# Authorizations

- Select service from the drop-down list then click “Next”
  - **Only services that were in the Service Plan as Interventions will be displayed**
- Select Proposed Provider then click “Next”

The screenshot shows the 'Waiver Supports' interface. At the top, there is a header with a user icon and the name '(0000062) John Last'. Below this is a navigation bar with several tabs: 'Waiver Supports' (highlighted with a red box), 'Non-Waiver Supports', 'Claims', 'Forms', and 'Approval Requests'. Under the 'Waiver Supports' tab, there are several buttons: 'Open Authorizations (3)', 'All Authorizations (6)', 'Active Referrals (0)', 'All Referrals (3)', and 'Service Provider Report'. Below these buttons, there are two buttons: 'New Referral' and 'New Authorization' (circled in red). Below the 'New Authorization' button, there is a dropdown menu showing 'Personal Care I (Home Mgmt.)' with a red arrow pointing to it. At the bottom, there is a large blue button labeled 'Next' (circled in red). A red arrow points from the 'New Authorization' button to the 'Next' button. Another red arrow points from the 'Service Provider Report' button to the 'Next' button. A third red arrow points from the 'New Authorization' button to the dropdown menu.

# Authorizations

- Select the provider from the drop-down list then click “Next”

Preview Terminate & Create New Auth Terminate Authorization

# Authorizations - Terminations

- Enter the End Date and the Termination Reason (**Authorization can't be terminated without a reason entered**)
- Click “**Terminate Authorization**”

The screenshot displays the 'Waiver Supports' interface for user '(000062) John Last'. The top navigation bar includes icons for Dashboard, Participant Information, Intake Workflows, Applications, Assessments, and Narratives. Below this is a secondary navigation bar with links: Open Authorizations (4), All Authorizations (7), Active Referrals (1), All Referrals (4), Service Provider Report, and New Referral. A 'New Authorization' button is also present.

The main content area is divided into two panels. The left panel, titled 'Terminate', contains the following fields:

- Start Date:** 04/23/2020
- End Date:** 04/24/2020 (with a calendar icon)
- Termination Reason:** CM error

The right panel, titled 'Service & Schedule', displays the following information:

- Service:** Personal Care I (PC1)
- Provider:** (EX1028) Reliable Home Care
- Schedule:**
  - 2.0 hours on Monday in the morning or afternoon
  - 2.0 hours on Wednesday in the morning or afternoon
  - 1.0 hours on Friday in the evening
  - Total: 5.0

At the bottom of the interface, a button labeled 'Terminate Authorization' is circled in red, with a red arrow pointing to it from the right.

# Authorizations - Terminations

- The End date and Termination reason is displayed on the authorization
- Termination notification is sent to the Provider Portal
