Adding Medications

- On the carousel, click “**Medications**”
- Click “**Add medication**”

The screenshot shows the participant dashboard for (0000062) John Last. The top navigation bar includes Home, Participants, Providers, Reports, Waiting Lists, and Administration. Below this is a carousel with icons for Narratives, Medications, Service Plans, Personal Goals, Caregiver Supports, and Home Assessment. The 'Medications' icon, which is a pill, is circled in red with an arrow pointing to it. Below the carousel is a 'Participant Overview' section with two columns of information: Overall Status (active), Initial Intake Date (01/18/2011), Area (County) (Columbia (Richland)), and Primary Language (English).

The screenshot shows the 'Add medication' page for (0000062) John Last. The top navigation bar is the same as the previous screenshot. Below it is a carousel with icons for Narratives, Medications, Service Plans, Personal Goals, Caregiver Supports, and Home Assessment. The 'Medications' icon is highlighted in the carousel. Below the carousel is a section titled 'Add medication' with a button labeled 'Add medication' circled in red with an arrow pointing to it. To the right of this button is a 'Print Medications' link. Below this is a table with columns: Name, Route, Form, Strength, Frequency, Added, DC, and Flag. The table is currently empty, showing 'No medications found.' Below the table is an 'Add Comment' section with a text area and an 'Add Comment' button.

Adding Medications

- Enter the Medication in the “Search” field. **Note: Keying the letters of the medication will generate a search result of medications beginning with the same letters**
- Select Medication
- Select frequency from drop down box
- Add any comments in the comment section then click “Add medication”

Don't forget to flag any medications that require frequent dosage adjustments, regulation, and monitoring. Medications with a yellow flag on the right require special monitoring. Flagging a medication indicates skilled level of care if a functional deficit is present.

Adding Medications

- Selected medication(s) and information will be displayed
- Additional medication (s) can be added by clicking the “**Add medication**” button
- Medication(s) can be removed by clicking the “**Remove Medication**”
- Additional comments can be made in the comment section
