Conversation Inbox Changes

Enhancements have been made to “**Conversations**” to prevent users from being time stamped reading a message when their user ID was mimicked by another user. An additional filter has been added to the Inbox section.

 - It is recommended that users archive messages when the message is read or no longer needed

The screenshot shows the top navigation bar with buttons for Dashboard, Participants, Providers, Waiting List, Reports, and Inbox (with a red notification badge). Below this is a sub-header with 'Inbox' and 'Search' tabs. The main content area displays a list of conversations. The first row is highlighted in light blue and has a red arrow pointing to its 'Archive' button. The second row is highlighted in light green. The table columns are: Unread, Client ID, Client, Provider #, Provider, Subject, Latest Message, Messages, Started, and an Archive button.
