

MEDICAID HOME AND COMMUNITY-BASED WAIVER SCOPE OF SERVICES
FOR

INSTITUTIONAL RESPITE CARE

A. Objective

The objective of Institutional Respite Care Services is to provide temporary institutional care for Medicaid waiver participants who live at home and are cared for by their families or other informal support systems.

B. Conditions of Participation

1. The Institutional Respite Care Provider must maintain a current license as a hospital, nursing facility (NF) or Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) from SCDPH or an equivalent licensing agency for an out-of-state provider.
2. Providers must accept or decline referrals from LTSS or SCDDSN within two (2) working days. Failure to respond will result in the loss of the referral.
3. The provider is responsible for verifying the participant's Medicaid eligibility when it has accepted a referral and monthly thereafter to ensure continued eligibility. Providers can verify Medicaid eligibility for LTSS participants in the Phoenix Provider Portal on their dashboard. Providers must also refer to Administrative and Billing Manual of this provider manual for additional information on eligibility determination.
4. Providers may use paperless filing systems. When using electronic filing systems any documentation requiring signatures must be signed prior to scanning. Electronic records must be made available upon request, and providers must have a reliable back-up system in the event their computer system shuts down.

C. Description of Services to be Provided

1. Respite care must be provided in a hospital, nursing facility (NF), or an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) that has been approved by the state and is not a private residence.
2. The unit of service is a patient day. A patient day is defined as a twenty-four (24) hour period, including the day of admission and excluding the day of discharge.
3. Total patient days allowed per fiscal year (July 1 – June 30) is fourteen (14). This includes any Community Residential Care Facility Respite days, if applicable. The 14-day limit does not apply to DDSN waiver participants.

4. The number of units of service provided to each participant is dependent upon the individual participant's needs as set forth in the participant's service plan, which is established or approved by the Case Manager.
5. The per diem rate includes all items and supplies associated with patient care, except prescribed drugs and personal items. These items cannot be billed by the Provider to Medicaid or the participant.
6. Examples of items included in the per diem rate are: durable medical equipment, nonprescription drugs, underpads, suctioning equipment and supplies, and NG tube equipment and feeding supplies. Other examples include supplies necessary for dressing changes, ostomy catheters, and tracheostomy care items.
7. Examples of personal care items are soap, mouthwash, deodorant, shampoo, and clothing.
8. Respite Care Services must be based on the participant's physician, nurse practitioner, or physician's assistant orders.

D. Conduct of Service

1. The Case Manager must authorize Institutional Respite Care Services by designating the amount, frequency and duration of the services for the participant in accordance with the participant's service plan. Services must not be provided prior to the authorized start date as stated on the service authorization form.
2. Prior to the time of admission to Institutional Respite Care, the Case Manager must send the provider the SCDHHS Form 122RC which includes the physician's admission order, the participant's medical history, a physical examination report that is not over five (5) days old and the participant's service plan. If it is not possible to obtain the SCDHHS Form 122RC prior to admission, the Case Manager must send a copy of the medical information from the Medicaid waiver assessment form in lieu of the medical history and the provider must obtain a physical examination report within forty-eight (48) hours of admission.
3. Upon request of the Case Management for Institutional Respite Care services, the provider must secure a prior admission agreement with the primary care giver or responsible party. This agreement must set forth the scheduled period of placement, specifying admission and discharge dates, and must include a statement of understanding and agreement for the responsible party to resume care of the participant after the authorized respite period.
4. The provider must establish a participant file, which includes the physician, nurse practitioner, or physician's assistant respite orders (SCDHHS Form 122RC), the Home and Community-Based waiver service authorization, the facility plan of care and documentation of all

care and services provided.

5. The provider must notify the Case Manager within twenty-four (24) hours if the participant is admitted to the hospital, dies, returns home or no longer requires Institutional Respite Care services.
6. For DDSN waiver participants, institutional respite services may not be billed in conjunction with the residential habilitation service.
7. A 2-step PPD is required prior to authorization of the service. The first step of the PPD must be completed prior to admission and the second step may be completed after admission.

E. Administrative Requirements

1. The provider must inform SCDHHS of the provider's organizational structure, including the provider personnel with authority and responsibility for employing qualified personnel, ensuring adequate staff education, in-service training, and employee evaluations. The provider shall notify SCDHHS within three (3) working days in the event of a change in or the extended absence of the personnel with the above-listed authority.
2. The provider must provide SCDHHS with a written document showing the organization, administrative control and lines of authority for the delegation of responsibility down to the hands-on participant care level staff at contract implementation. The document must include an organizational chart including names of those currently in the positions. Revisions or modifications to this organizational document must be provided to SCDHHS. It is recommended that this document be readily accessible to all staff.
3. Administrative and supervisory functions shall not be delegated to another agency or organization.
4. The provider agency must acquire and maintain for the duration of the contract liability insurance and worker's compensation insurance as provided in Article IX, Section D of the Contract. The provider is required to list SCDHHS as a Certificate Holder for informational purposes only on all insurance policies using the following address: Post Office Box 8206, Columbia, SC 29202-8206.
