

Participant Folder — Compliance Self-Audit Checklist

Prestigious Home Care · Personal Care / Companion · Built 08-11-2026 · Source: HCBS Provider Manual (7/1/25)

Companion differs: initial supervisor visit ≤ 90 days of start, then on-site ≥ once / 365 days (not PCS 30-day + every 4 mo). No ADLs / no skilled care. Same task-sheet rules, 2-tier complaint form, 2yr/5yr retention.

A. Mandatory Contents — every active record

- ☐ **A1** All service authorizations (current + prior) — no service before start date
- ☐ **A2** Current SCDHSS Service Plan (+ annual) — OIDD: use assessment instead
- ☐ **A2b** Medicaid eligibility verified monthly (dated proof in file)
- ☐ **A2c** RN/LPN pre-start home visit (EVV + documented)
- ☐ **A3** Right to Complain documentation
- ☐ **A4** Advance Directives
- ☐ **A5** Task sheets (see B)
- ☐ **A6** Supervisory visit documentation (see C)
- ☐ **A7** Incident reports / complaint records
- ☐ **A7b** Backup-plan documentation + missed-service calls in file
- ☐ **A8** Retention: active ≥2 yrs ✓ · all ≥5 yrs ✓ · kept at contract address

B. Task Sheets — HIGH RISK

- ☐ **B1** No participant/responsible-party signature on any sheet
- ☐ **B2** Supervisor signed (original, **no stamp**) + dated every 2 weeks
- ☐ **B3** Filed in record ≤30 days of service
- ☐ **B4** Any resolution date has a matching task sheet in file
- ☐ **B5** Ordered / filed chronological (tabbed folder)
- ☐ **B6** Multi-service sheets: each service/task identifiable

C. Supervisory Visits

- ☐ **C1** Initial visit ≤30 days after service starts
- ☐ **C2** Then at least every 4 months per participant
- ☐ **C3** Aide present during ≥1 visit each 12-month period
- ☐ **C4** Break in service >60 days → new initial visit on resume
- ☐ **C5** Recorded in EVV from participant's home (SCDHHS)
- ☐ **C6** Filed in record ≤30 days of visit

D. Supervisory Visit Report — must contain

- ☐ **D1** Services delivered match Service Plan / Authorization
- ☐ **D2** Participant's needs being met
- ☐ **D3** Any complaints lodged referenced
- ☐ **D4** Brief statement on changes in service needs
- ☐ **D5** Supervisor original signature + date (**no stamp**)

NEVER: ask participant to sign a task sheet · use stamped signatures on any of these · file late. **Missing task sheet on a resolution date = overpayment/denial risk.**

Confirm with trainer before go-live: exact Right-to-Complain / consent form names · electronic vs paper records + backup · incident report form & location · where 120-day nurse-visit papers go.

Audit regularly (weekly on a folder or two). If anything unchecked, fix BEFORE any survey/audit.
